Wood Block

The image shows a wall covered in dark green, wood-grained tiles. The tiles are rectangular and arranged in a staggered, brick-like pattern. Each tile has a distinct wood grain texture, with some showing prominent knots and variations in color from a deep forest green to a slightly lighter, more ashy green. The grout between the tiles is a dark, muted green, creating a cohesive but textured appearance. The lighting is even, highlighting the natural-looking imperfections and grain of the tiles.
